2. INVOICING

2.1. Breakdown of school fees

School fees include only:

- ✓ schooling;
- ✓ speciality subjects (class of 1ère and class of Terminale) and optional subjects (excluding SIA and BFI) that are included in the pedagogical offer of the French School of Seoul; these subjects are offered only if a minimum number of registered students is reached. The French School of Seoul will ensure the pedagogical continuity of every teaching subject that was started within the French School of Seoul; this can be made by the registration to the CNED (French distance-learning system) being paid by the French School of Seoul;

- ✓ exam fees related to End-of-Middle-School Examination ('DNB', class of 3ème) and to Baccalaureate (class of 1ère and class of Terminale);

- ✓ school insurance: local insurance coverage acquired by the French School of Seoul for students and teachers covers the risks within the framework of the activities of the school only; this insurance covers neither travel between the place of residence and the school nor the harm committed to others (third party liability) that is to be taken out by parents directly towards an insurance company;
- ✓ the French School of Seoul enhances language pathways and excellence for its students. As a consequence, preparation and registration to Cambridge exams – exams being organized by the French School of Seoul and taking place in the school – are included in school fees for students of CM2, 3ème and Terminale classes. For the students of CM2 and 3ème classes, it is possible to postpone during 1 year (when they are attending the class of 6ème or 2nde, respectively) the taking of the Cambridge exam, after validation of the pedagogical team. For the students of Terminale class that would like to take other English language exams, it is possible to register to IELTS or TOEFL exams after validation of the pedagogical team, and ask for the reimbursement of the registration cost to the French School of Seoul after providing the evidence of the paid invoice and provided that the cost is less or equal to the cost of the Cambridge CAE exam as invoiced by the French School of Seoul and as mentioned on the internet website of the French School of Seoul.

Classes that are cancelled for whatever reason are not subject to any refund.

School fees do not include, amongst others:

- ✓ extra-curricular activities ('activités extra-scolaires' a.k.a. 'A.E.S.'): extra-curricular activities are subject to separate regulations, that are including financial regulations; registration to an extra-curricular activity is worth agreement to the latest applicable extra-curricular activities' regulations;
- ✓ certain exams and preparation to external exams and the registrations to Cambridge exams that are not mentioned above as being included in the school fees. Costs related to the organization by the French School of Seoul of external competitive exams or the preparation of higher education of competitive exams after high school could be invoiced to the parents of the pupils for which they are organized.

2.2. First registration fee

This is a one-time payment owed for every student at the time of their first registration at the French School of Seoul, upon acceptance of pre-registration. It must be paid within 15 days after issuance of the invoice. The final validation of the registration is guaranteed upon receiving payment of this fee.

The first registration fees are non-refundable even if the registration is cancelled.

In case the registration request is cancelled by the family (the cancellation being mentioned to the chief financial officer [finance@lfseoul.org] and to the treasurer [tresorier.ape@lfseoul.org])

- ✓ during the month following the acceptance of the pre-registration by the school, and before the first day of school of the student: 70% of the first registration fee will be reimbursed to the payer;
- ✓ during the second month following the acceptance of the pre-registration by the school, and before the first day of school of the student: 50% of the first registration fee will be reimbursed to the payer.

After this 2 months deadline, there will be no reimbursement of first registration fees.

The first registration fees are non-refundable when the student leaves the school.

Alumni who want to reapply to the French School of Seoul must repeat the registration process. Only those who have paid first registration fees for school year 2011/2012 and after will be exempted from paying first registration fees, but they will have to pay the re-enrollment fees, as mentioned in paragraph 2.3.

Alumni who first registered at the French School of Seoul under the system of founders' shares will have to pay off first registration fees if they come back to the French School of Seoul.

Any request for registration or pre-registration is worth agreement to the latest applicable financial regulation for the French School of Seoul.

2.3 Re-enrollment

Re-enrollment fees are due as part of the re-enrollment process to the French School of Seoul. They must be paid within 15 days after issuance of the invoice. The final validation of the re-enrollment is guaranteed upon receiving payment of this fee.

If no payment has been made before April the 8th, the student runs the risk of being put on a waiting list for the related school year, in case the places are limited.

In case the re-enrollment request is cancelled by the family (the cancellation being mentioned to the chief financial officer [finance@lfseoul.org] and to the treasurer [tresorier.ape@lfseoul.org])

2.4 Modification of schooling during the school year

If registration in *PEAI* or in *SIA* or in *BFI* is cancelled during the school year, the related costs are not subject to any refund unless the cancellation decision was made on the advice of the director of the primary school or the headmaster of the middle school.

Departure during the course of the school year:

- In the event of the departure of a student during the course of the school year, the family should proceed with the withdrawal process in EDUKA, or a minima inform explicitly and in writing the headmaster [proviseur@lfseoul.org] about the withdrawal date of the student.

Then, only the school fees (as mentioned on paragraphs 1.1, 1.2, 1.7 and 1.8) that are covering the bimonthly periods that have not yet begun will be refunded. The 5 bimonthly periods in the school year are as follows: from the beginning of September to the end of October, from the beginning of November to the end of December, from the beginning of January to the end of February, from the beginning of March to the end of April, and from the beginning of May to the end of June or early July.

However, cafeteria fees and other fees (as mentioned on paragraphs 1.4 and 1.5) may be refunded on the basis of the months that are not used provided that the family gives one month's notice.

In any case, refund could be done only to the payer.

- In case of force majeure, which would result in the early departure of one or several students or the temporary suspension of the physical classes, the school will offer no refund, and the unpaid school fees will remain owed by the family. The force majeure/superior or irresistible force, is defined as any event such as war, civil war, civil unrest, pandemic, or extreme weather conditions, which cannot be reasonably foreseen or controlled, and which would have a disastrous effect on the financial situation of the school. This policy is necessary for the financial stability of the institution and serves to allow the school to resume its normal operations as soon as such an event has ended.

2.5 Mandatory cafeteria fees

They cover:

- ✓ the cafeteria on Mondays, Tuesdays, Thursdays, and Fridays for the kindergarten and elementary students;
- ✓ the cafeteria on Wednesdays for the kindergarten and elementary students who are enrolled in SIA and are having SIA lessons on Wednesday afternoon;

2.6 Optional cafeteria fees

The cafeteria meals on Wednesdays (from PS to CM2) are reserved for those students who are enrolled in an extra-curricular activity starting at 12:00; registration must be made for the year or per half-year (based on the extra-curricular activities calendar).

Eating at the cafeteria is optional for the high school students from October to June. In September, after having received their children's timetables, parents can choose to register their children for fixed day(s) of the week. There cannot be any change during the school year.

2.7. Founders' share

Founders' shares relate only to students that are still attending the French School of Seoul and who first registered during school years 2010/2011 and older. Previously effected payments will be refundable to the payer only, upon request and after the departure of the student. In the event no request has been made within two years of the student leaving the school, the founder's share cannot be refunded.

3. PAYMENT CONDITIONS

3.1. Principle

The payment of fees is the families' responsibility only and **the totality of the amount due must be settled before the beginning of the school year**. In the event of default, the child will not be accepted in class.

3.2. Invoicing and means of payment

All fees are payable in Korean won (KRW) only. Payment must be made solely in Korean won (KRW) by bank transfer, to the HANA BANK account whose number is individual to any payer and which is indicated both on the invoice and on the EDUKA platform of the payer. No payment in cash will be accepted.

Please note that all banking fees must be covered entirely by the families. Therefore, please ensure that all transfer payments take into account these additional charges.

The school office will continue to operate after the end of classes during summer vacations and before the start of next school year, based on dates as mentioned on the French School of Seoul's website.

3.3. Special dispensation

In case of difficulty in making payment of the total invoiced amount at the start of the school year, it is possible to request a special dispensation. Notification of the decision will be received within 10 days.

The first term of the school year lasts four months (from the beginning of September to the end of December) whereas the second and third terms last only three months (from the beginning of January to the end of March, and from the beginning of April to the end of July, respectively). In case of non-payment, the child will be removed from the list of students, and contentious proceedings will be started if mutual agreement process failed. In case of non-payment at the end of April, the French School of Seoul will no more be re-enrolled for the next school year.

School fees (including the First registration fee) are to be paid from the beginning of the school year in September at the rate of 10% a month until the decision of the commission is rendered.

Once a favourable decision is rendered, families are required to settle their designated part of the school fees.

In case the request is refused, the fees have to be paid in full.
